

Slocan Wetland Assessment and Monitoring Project Presents

# SECRETS OF THE

# SWAMP

Science Showcase

Saturday, March 5

1:00-4:00 PM

Bosun Hall, New Denver

From fen-ominal fens, carnivorous plants and tiny toadlets, our backyard is a wondrous place! Find out about rare and new species found right in our watershed! Local scientists will share cool facts about the flora and fauna found in the Slocan Valley wetlands.

### EVENT SCHEDULE

- SWAMP slide presentation @ 1 pm
- Check out displays; meet local scientists from 2-4 pm
- Make a day of it! Drop-in for the SWAMP Showcase, then take in the North Valley Mountain Film Festival in the evening.
